## BEIGE PRL. 155C

Version Number 1.1 Revision Date 02/03/2004

Page 1 of 5 Print Date 11/13/2011

### 1. PRODUCT AND COMPANY IDENTIFICATION

#### POLYONE CORPORATION 33587 Walker Road, Avon Lake, OH 44012

| NON-EMERGENCY                              | : | Product Stewardship (770) 271-5902   |
|--|---|--|
| TELEPHONE<br>Emergency telephone<br>number | : | CHEMTREC 1-800-424-9300 (24hrs for spill, leak, fire, exposure or accident). |
| Product name                               | : | BEIGE PRL. 155C  |
| Product code                               | : | CC10020216   |
| Chemical Name                              | : | Mixture  |
| CAS-No.                                    | : | Mixture  |
| Product Use                                | : | Industrial Applications  |

### 2. COMPOSITION/INFORMATION ON INGREDIENTS

There are no known hazardous components above regulatory thresholds in this product.

#### **3. HAZARDS IDENTIFICATION**

#### **EMERGENCY OVERVIEW**

This mixture has not been evaluated as a whole. Information provided on the health effects of this product is based on individual components. All ingredients are bound and potential for hazardous exposure as shipped is minimal. However, some vapors may be released upon heating and the end-user (fabricator) must take the necessary precautions (mechanical ventilation, respiratory protection, etc.) to protect employees from exposure.

#### POTENTIAL HEALTH EFFECTS

| Routes of Exposure:                           | : Inhalation, Ingestion, Skin contact   |
|---|---|
| Acute exposure                                |   |
| Inhalation<br>Ingestion<br>Eyes               | <ul> <li>Resin particles, like other inert materials, can be mechanically irritating.</li> <li>May be harmful if swallowed.</li> <li>Resin particles, like other inert materials, are mechanically irritating to eyes.</li> </ul> |
| Skin  | : Experience shows no unusual dermatitis hazard from routine handling.  |
| Chronic exposure                              | : Refer to Section 11 for Toxicological Information.  |
| Medical Conditions<br>Aggravated by Exposure: | : None known.   |

## MATERIAL SAFETY DATA SHEET **BEIGE PRL. 155C**

Version Number 1.1 Revision Date 02/03/2004 Page 2 of 5 Print Date 11/13/2011

|                                     | 4. FIRST AID MEASURES  |           |
|-------------------------------------|--|-----------|
| Inhalation                          | : Move to fresh air in case of accidental inhalation of fumes fro<br>overheating or combustion. When symptoms persist or in all<br>doubt seek medical advice.                |           |
| Ingestion                           | : Do not induce vomiting without medical advice. When symp persist or in all cases of doubt seek medical advice.   | toms      |
| Eyes                                | : Rinse immediately with plenty of water, also under the eyelid least 15 minutes. If eye irritation persists, seek medical attent  |           |
| Skin                                | : Wash off with soap and plenty of water. If skin irritation pers<br>medical attention.  | ists seel |
|                                     | 5. FIRE-FIGHTING MEASURES  |           |
| Flash point                         | : Not applicable   |           |
| Flammable Limits                    |  |           |
| Upper explosion limit               | : Not applicable   |           |
| Lower explosion limit               | : Not applicable   |           |
| Autoignition temperature            | : Not applicable   |           |
| Suitable extinguishing media        | : Carbon dioxide blanket, water spray, dry powder, foamnone.   |           |
| Special Fire Fighting<br>Procedures | : Fullface self-contained breathing apparatus (SCBA) used in p pressure mode should be worn to prevent inhalation of airborn contaminants.                                   |           |
| Unusual Fire/Explosion              | : Carbon dioxide (CO2), carbon monoxide (CO), oxides of nitr   | ogen      |
| Hazards                             | (NOx), other hazardous materials, and smoke are all possible.  |           |
|                                     | ACCIDENTAL RELEASE MEASURES  |           |
| Personal precautions                | : Wear appropriate personal protection during cleanup, such as impervious gloves, boots and coveralls.   |           |
| Environmental precautions           | : Should not be released into the environment. The product sho<br>be allowed to enter drains, water courses or the soil.   | ould not  |
| Methods for cleaning up             | : Clean up promptly by sweeping or vacuum. Package all mate<br>plastic, cardboard or metal containers for disposal. Refer to Se<br>of this MSDS for proper disposal methods. |           |
|                                     | 7. HANDLING AND STORAGE  |           |
| Handling                            | : Take measures to prevent the build up of electrostatic charge only in areas with appropriate exhaust ventilation.  | Heat      |
| Storage                             | : Keep containers dry and tightly closed to avoid moisture abso  | rption    |

Version Number 1.1 Revision Date 02/03/2004 Page 4 of 5 Print Date 11/13/2011

There are no known hazardous components above regulatory thresholds in this product.

|                               | 12. ECOLOGICAL INFORMATION  |
|-------------------------------|---|
| Persistence and degradability | : Not readily biodegradable.  |
| Environmental Toxicity        | : Chemicals are not readily available as they are bound within the matrix of the polymer.   |
| Bioaccumulation Potential     | : Chemicals are not readily available as they are bound within the matrix of the polymer.   |
| Additional advice             | : No data available   |
|                               | 13. DISPOSAL CONSIDERATIONS   |
| Product                       | : Like most thermoplastic plastics the product can be recycled. Where possible recycling is preferred to disposal or incineration. The generator of waste material has the responsibility for proper waste classification, transportation and disposal in accordance with applicable federal, state/provincial and local regulations. |
| Contaminated packaging        | : Recycling is preferred when possible. The generator of waste material has the responsibility for proper waste classification, transportation and disposal in accordance with applicable federal, state/provincial and local regulations.  |
|                               | 14. TRANSPORT INFORMATION   |
|                               |   |
| U.S. DOT Classification       | : Not regulated for transportation.   |
| ICAO/IATA (air)               | : Refer to specific regulation.   |
| IMO / IMDG (maritime)         | : Refer to specific regulation.   |
|                               | 15. REGULATORY INFORMATION  |
| US Regulations:               |   |
| OSHA Status                   | : There are no known hazardous components above regulatory thresholds in this product.  |
| TSCA Status                   | : All components of this product are listed on or exempt from the TSCA Inventory.   |
| US. EPA CERCLA Hazardous      | Substances (40 CFR 302)   |
| Not applicable                |   |
