| Titanium dioxide | 13463-67-7 | 5 - 10   |

### **3. HAZARDS IDENTIFICATION**

#### **EMERGENCY OVERVIEW**

This mixture has not been evaluated as a whole. Information provided on the health effects of this product is based on individual components. All ingredients are bound and potential for hazardous exposure as shipped is minimal. However, some vapors may be released upon heating and the end-user (fabricator) must take the necessary precautions (mechanical ventilation, respiratory protection, etc.) to protect employees from exposure.

### POTENTIAL HEALTH EFFECTS

|                                     | 4. FIRST AID MEASURES  |
|-------------------------------------|--|
| Inhalation                          | : Move to fresh air in case of accidental inhalation of fumes from overheating or combustion. When symptoms persist or in all cases o doubt seek medical advice.                     |
| Ingestion                           | : Do not induce vomiting without medical advice. When symptoms persist or in all cases of doubt seek medical advice.   |
| Eyes                                | : Rinse immediately with plenty of water, also under the eyelids, for at least 15 minutes. If eye irritation persists, seek medical attention.                                       |
| Skin                                | : Wash off with soap and plenty of water. If skin irritation persists see medical attention.   |
|                                     | 5. FIRE-FIGHTING MEASURES  |
| Flash point                         | : Not applicable   |
| Flammable Limits                    |  |
| Upper explosion limit               | : Not applicable   |
| Lower explosion limit               | : Not applicable   |
| Autoignition temperature            | : Not applicable   |
| Suitable extinguishing media        | : Carbon dioxide blanket, water spray, dry powder, foamnone.   |
| Special Fire Fighting<br>Procedures | : Fullface self-contained breathing apparatus (SCBA) used in positive pressure mode should be worn to prevent inhalation of airborne contaminants.                                   |
| Unusual Fire/Explosion              | : Carbon dioxide (CO2), carbon monoxide (CO), oxides of nitrogen   |
| Hazards                             | (NOx), other hazardous materials, and smoke are all possible.  |
|                                     | 5. ACCIDENTAL RELEASE MEASURES   |
| Personal precautions                | : Wear appropriate personal protection during cleanup, such as impervious gloves, boots and coveralls.   |
| Environmental precautions           | : Should not be released into the environment. The product should not be allowed to enter drains, water courses or the soil.   |
| Methods for cleaning up             | : Clean up promptly by sweeping or vacuum. Package all material in plastic, cardboard or metal containers for disposal. Refer to Section 1 of this MSDS for proper disposal methods. |
|                                     | 7. HANDLING AND STORAGE  |
| Handling                            | : Take measures to prevent the build up of electrostatic charge. Heat only in areas with appropriate exhaust ventilation.  |
| Storage                             | : Keep containers dry and tightly closed to avoid moisture absorption  |

Page 4 of 6 Print Date 11/14/2011

Hazardous decomposition : products

: Carbon dioxide (CO2), carbon monoxide (CO), oxides of nitrogen (NOx), other hazardous materials, and smoke are all possible.

### **11. TOXICOLOGICAL INFORMATION**

This mixture has not been evaluated as a whole for health effects. Exposure effects listed are based on existing health data for the individual components which comprise the mixture.

**Toxicity Overview** 

This product contains the following components which in their pure form have the following characteristics:

| CAS-No.                          | Chemical Name                            | Effect  | Target Organ        |  |  |  |
|----------------------------------|--|---|---------------------|--|--|--|
| 13463-67-7                       | Titanium dioxide                         | Systemic effects  | Respiratory system. |  |  |  |
|                                  | 12. ECOLOGIO                             | CAL INFORMATION   | 1                   |  |  |  |
| Persistence and degrada          | ability : Not readily b                  | : Not readily biodegradable.  |                     |  |  |  |
| Environmental Toxicity           |  | : Chemicals are not readily available as they are bound within the matrix of the polymer.   |                     |  |  |  |
| Bioaccumulation Poten            |  | : Chemicals are not readily available as they are bound within the matrix of the polymer.   |                     |  |  |  |
