## MATERIAL SAFETY DATA SHEET UV LIGHT TAN

Version Number 1.2 Revision Date 03/20/2014

CAS-No.

Product Use

Page 1 of 9 Print Date 3/25/2014

1. PRODUCT AND COMPANY IDENTIFICATION         POLYONE CORPORATION         33587 Walker Road, Avon Lake, OH 44012				
Product name	:	UV LIGHT TAN		
Product code Chemical Name	:	CC10133303 Mixture		

#### 2. COMPOSITION/INFORMATION ON INGREDIENTS

**Industrial Applications** 

: Mixture

:

Components	CAS-No.	Weight percent
1,6-Hexanediamine, N,N'-bis(2,2,6,6- tetramethyl-4-piperidinyl)-,polymer with 2,4,6-trichloro-1,3,5-triazine, reaction products	70624-18-9	5 - 10
Nickel antimony yellow rutile (C.I. Pigment Yellow 53)	8007-18-9	1 - 5
Calcium carbonate	1317-65-3	1 - 5
Rutile, antimony chromium buff	68186-90-3	1 - 5
Silica, amorphous	7631-86-9	1 - 5
Titanium dioxide	13463-67-7	30 - 60

#### **3. HAZARDS IDENTIFICATION**

#### **EMERGENCY OVERVIEW**

This mixture has not been evaluated as a whole. Information provided on the health effects of this product is based on individual components. All ingredients are bound and potential for hazardous exposure as shipped is minimal. However, some vapors may be released upon heating and the end-user (fabricator) must take the necessary precautions (mechanical ventilation, respiratory protection, etc.) to protect employees from exposure.

#### POTENTIAL HEALTH EFFECTS

**Routes of Exposure:** 

: Inhalation, Ingestion, Skin contact

Acute exposure

# MATERIAL SAFETY DATA SHEET UV LIGHT TAN

overheating or combustion. When symptoms persidoubt seek medical advice.         Ingestion       :       Do not induce vomiting without medical advice. Versist or in all cases of doubt seek medical advice         Eyes       :       Rinse immediately with plenty of water, also under least 15 minutes. If eye irritation persists, seek medical attention.         Skin       :       Wash off with soap and plenty of water. If skin irriseek medical attention.         Flash point       :       not applicable         Flasmable Limits       :       not applicable         Lower explosion limit       :       not applicable         Suitable extinguishing media       :       Carbon dioxide blanket, Water spray, Dry powder, pressure mode should be worn to prevent inhalatio contaminants.         Unusual Fire/Explosion       :       Carbon dioxide (CO2), carbon monoxide (CO), ox	nically irritating t
Ingestion       : May be harmful if swallowed.         Eyes       : Resin particles, like other inert materials, are mecha eyes.         Skin       : Experience shows no unusual dermatitis hazard from the eyes.         Chronic exposure       : Refer to Section 11 for Toxicological Information.         Medical Conditions       : None known.         Aggravated by Exposure:       : None known.         May be added by Exposure:       : None known.         Inhalation       : Move to fresh air in case of accidental inhalation o overheating or combustion. When symptoms perse doubt seek medical advice.         Ingestion       : Do not induce vomiting without medical advice. A persist or in all cases of doubt seek medical advice.         Eyes       : Rinse immediately with plenty of water, also unde least 15 minutes. If eye irritation persists, seek medical attention.         Skin       : Wash off with soap and plenty of water. If skin irr seek medical attention.         Skin       : not applicable         Flash point       : not applicable         Flash point       : not applicable         Suitable extinguishing media       : Carbon dioxide blanket, Water spray, Dry powder, pressure mode should be worn to prevent inhalation contaminants.         Unusual Fire/Explosion       : Carbon dioxide (CO2), carbon monoxide (CO), ox (NOx), other hazardous materials, and smoke are an applicable	nically irritating t
Ingestion       : May be harmful if swallowed.         Eyes       : Resin particles, like other inert materials, are mechareyes. Methods for cleaning up	<ul><li>be allowed to enter drains, water courses or the soil.</li><li>Clean up promptly by sweeping or vacuum. Package all material in plastic, cardboard or metal containers for disposal.</li></ul>
	7. HANDLING AND STORAGE
Handling	: Take measures to prevent the build up of electrostatic charge. Heat only in areas with appropriate exhaust ventilation.
Storage	: Keep containers dry and tightly closed to avoid moisture absorption and contamination. Keep in a dry, cool place.
8. EX	OSURE CONTROLS/PERSONAL PROTECTION
Respiratory protection	: No personal respiratory protective equipment normally required.
Eye/Face Protection	: Safety glasses with side-shields
Hand protection	: Protective gloves
Skin and body protection	: Long sleeved clothing
Additional Protective Measures	: Safety shoes
General Hygiene Considerations	: Handle in accordance with good industrial hygiene and safety practice. Wash hands before breaks and at the end of workday.
Engineering measures	: Heat only in areas with appropriate exhaust ventilation. Provide appropriate exhaust ventilation at machinery.
Exposure limit(s)	

PolyOne.

#### **11. TOXICOLOGICAL INFORMATION**

This mixture has not been evaluated as a whole for health effects. Exposure effects listed are based on existing health data for the individual components which comprise the mixture.

#### **Toxicity Overview**

This product contains the following components which in their pure form have the following characteristics:

CAS-No.	Chemical Name	Effect	Target Organ
70624-18-9	1,6-Hexanediamine, N,N'-	Irritant	Eyes, Skin, Respiratory
	bis(2,2,6,6-tetramethyl-4-		system.
	piperidinyl)-,polymer with		
	2,4,6-trichloro-1,3,5-		
	triazine, reaction products		
8007-18-9	Nickel antimony yellow	Irritant	Eyes, Skin.
	rutile (C.I. Pigment		
	Yellow 53)		
		sensitizer	Skin.
1317-65-3	Calcium carbonate	Irritant	Eyes, Skin.
		Systemic effects	Eyes, Skin, Respiratory
			system.

	triazine, reaction products			

#### Carcinogenicity

This product contains the following components which, in their pure form, have the following carcinogenicity data:

CAS-No.	Chemical Name	OSHA	IARC	NTP
8007-18-9	Nickel antimony yellow rutile	no	1	no
	(C.I. Pigment Yellow 53)			
13463-67-7	Titanium dioxide	no	2B	no

IARC Carcinogen Classifications:

1 - The component is carcinogenic to humans.

2A - The component is probably carcinogenic to humans.

2B - The component is possibly carcinogenic to humans.

NTP Carcinogen Classifications:

1 - The component is known to be a human carcinogen.

2 - The component is reasonably anticipated to be a human carcinogen.

#### Additional Health Hazard Information:

Nickel antimony yellow rutile (C.I. Pigment Yellow 53) 8007-18-9 Skin sensitizer "nickel itch", with pulmonary, brain, liver, kidney and muscle effects.

#### **12. ECOLOGICAL INFORMATION**

	1/	DISDOCAL CONSIDERATIONS	
Additional advice	:	no data available	
Bioaccumulation Potential	:	Chemicals are not readily available as they are bound within the polymer matrix.	
Environmental Toxicity	:	Chemicals are not readily available as they are bound within the polymer matrix.	
Persistence and degradability	:	Not readily biodegradable.	

## MATERIAL SAFETY DATA SHEET **UV LIGHT TAN**

Version Number 1.2 Revision Date 03/20/2014	Page 7 of 9 Print Date <i>3/25/2014</i>			
Product	: Like most thermoplastic plastics the product can be recycled. Where possible recycling is preferred to disposal or incineration. The generator of waste material has the responsibility for proper waste classification, transportation and disposal in accordance with applicable federal, state/provincial and local regulations.			
Contaminated packaging	: Recycling is preferred when possible. The generator of waste material has the responsibility for proper waste classification, transportation and disposal in accordance with applicable federal, state/provincial and local regulations.			
	14. TRANSPORT INFORMATION			
U.S. DOT Classification	: Not regulated for transportation.			
ICAO/IATA	: Refer to specific regulation.			
IMO/IMDG (maritime)	: Refer to specific regulation.			
	15. REGULATORY INFORMATION			
US Regulations:				
OSHA Status	: Classified as hazardous based on components.			
TSCA Status	: All components of this product are listed on or exempt from the TSCA Inventory.			
US. EPA CERCLA Hazardous	Substances (40 CFR 302)			
not applicable				
California Proposition 65	: WARNING! This product contains a chemical known to the State of California to cause cancer.			
SARA Title III Section 302 Ex	remely Hazardous Substance			
Unless specific chemicals are	lentified under this section, this product is Not Applicable under this regulation			
SARA Title III Section 313 To	SARA Title III Section 313 Toxic Chemicals:			
Unless specific chemicals are identified under this section, this product is Not Applicable under this regulation Chemical Name CAS-No. Weight percent				
	7/9
