| Calcium carbonate | 1317-65-3 | 1 - 5          |
|                   |           |                |

#### **3. HAZARDS IDENTIFICATION**

#### **EMERGENCY OVERVIEW**

This mixture has not been evaluated as a whole. Information provided on the health effects of this product is based on individual components. All ingredients are bound and potential for hazardous exposure as shipped is minimal. However, some vapors may be released upon heating and the enduser (fabricator) must take the necessary precautions (mechanical ventilation, respiratory protection, etc.) to protect employees from exposure.

#### POTENTIAL HEALTH EFFECTS

| <b>Routes of Exposure:</b> | : Inhalation, Ingestion, Skin contact   |
|----------------------------|---|
| Acute exposure             |   |
| Inhalation                 | : Resin particles, like other inert materials, can be mechanically irritating.      |
| Ingestion                  | : May be harmful if swallowed.  |
| Eyes                       | : Resin particles, like other inert materials, are mechanically irritating to eyes. |
| Skin                       | : Experience shows no unusual dermatitis hazard from routine handling.              |
| Chronic exposure           | : Refer to Section 11 for Toxicological Information.                                |

## MATERIAL SAFETY DATA SHEET W873 TRANS II

Version Number 1.0 Revision Date 01/25/2013 Page 2 of 6 Print Date 1/25/2013

| Aggravated by Exposure:   | : None known.  |
|---|--|
|   | 4. FIRST AID MEASURES  |
| Inhalation  | : Move to fresh air in case of accidental inhalation of fumes from overheating or combustion. When symptoms persist or in all cases or doubt seek medical advice.  |
| Ingestion   | : Do not induce vomiting without medical advice. When symptoms persist or in all cases of doubt seek medical advice.   |
| Eyes  | : Rinse immediately with plenty of water, also under the eyelids, for at least 15 minutes. If eye irritation persists, seek medical attention.   |
| Skin  | : Wash off with soap and plenty of water. If skin irritation persists seek medical attention.  |
|   | 5. FIREFIGHTING MEASURES   |
| Flash point   | : not applicable   |
| Flammable Limits<br>Upper explosion limit<br>Lower explosion limit<br>Auto-ignition temperature<br>Suitable extinguishing media<br>Special Fire Fighting<br>Procedures<br>Unusual Fire/Explosion<br>Hazards | <ul> <li>not applicable</li> <li>not applicable</li> <li>not applicable</li> <li>carbon dioxide blanket, Water spray, Dry powder, Foam.</li> <li>Fullface self-contained breathing apparatus (SCBA) used in positive pressure mode should be worn to prevent inhalation of airborne contaminants.</li> <li>Carbon dioxide (CO2), carbon monoxide (CO), oxides of nitrogen (NOx), other hazardous materials, and smoke are all possible.</li> </ul> |
|   | 6. ACCIDENTAL RELEASE MEASURES   |
| Personal precautions  | : Wear appropriate personal protection during cleanup, such as impervious gloves, boots and coveralls.   |
| Environmental precautions   | : Should not be released into the environment. The product should not be allowed to enter drains, water courses or the soil.   |
| Methods for cleaning up   | : Clean up promptly by sweeping or vacuum. Package all material in plastic, cardboard or metal containers for disposal.  |
|   | 7. HANDLING AND STORAGE  |
| Handling  | : Take measures to prevent the build up of electrostatic charge. Heat only in areas with appropriate exhaust ventilation.  |
