#### 2. COMPOSITION/INFORMATION ON HAZARDOUS INGREDIENTS

| Components                  | CAS-No.   | Weight % |
|-----------------------------|-----------|----------|
| Potassium hydroxide (K(OH)) | 1310-58-3 | 1 - 5    |

### **3. HAZARDS IDENTIFICATION**

#### **EMERGENCY OVERVIEW**

This product has not been evaluated as a whole for health effects. Information provided on the health effects of this product is based on individual components. In addition, some vapors or contaminants may be released upon heating and the end-user (fabricator) must take the necessary precautions (mechanical ventilation, respiratory protection, etc.) to protect employees from exposure. See sections 8 and 11 for special precautions.

### POTENTIAL HEALTH EFFECTS

| Routes of Exposure: | : Skin contact, Inhalation, Ingestion  |
|---------------------|--|
| Acute exposure      |  |
| Inhalation          | : Inhalation of airborne droplets may cause irritation of the respiratory tract. |
| Ingestion           | : May be harmful if swallowed.   |
| Eyes                | : May cause eye/skin irritation.   |
| Skin                | : Experience shows no unusual dermatitis hazard from routine handling.           |
| Chronic exposure    | : Refer to Section 11 for Toxicological Information.                             |

PolyOne.

| Aggravated by Exposure:  |   |
|--|---|
|  | 4. FIRST AID MEASURES   |
| Inhalation   | : Move to fresh air in case of accidental inhalation of vapors or fumes<br>from overheating or combustion. When symptoms persist or in all<br>cases of doubt seek medical advice.   |
| Ingestion  | : Do not induce vomiting without medical advice. Never give anything by mouth to an unconscious person. Seek medical attention if necessary.  |
| Eyes   | : Rinse immediately with plenty of water for at least 15 minutes. If eye irritation persists, seek medical attention.   |
| Skin   | : Wash off with soap and plenty of water. If skin irritation persists seel medical attention.   |
|  | 5. FIRE-FIGHTING MEASURES   |
| Flash point  | : No data available.  |
| Flammable Limits<br>Upper explosion limit<br>Lower explosion limit<br>Autoignition temperature<br>Suitable extinguishing media | <ul> <li>No data available.</li> <li>No data available.</li> <li>No data available.</li> <li>carbon dioxide (CO2), water, foam, dry chemical.</li> </ul>  |
| Special Fire Fighting<br>Procedures<br>Unusual Fire/Explosion  | <ul> <li>Fullface self-contained breathing apparatus (SCBA) used in positive pressure mode should be worn to prevent inhalation of airborne contaminants. | Hazards  | toxic vapors. Residual latex material contained in empty drums may decompose when burned producing toxic or irritating fumes.   |
|  | 6. ACCIDENTAL RELEASE MEASURES  |
| Personal precautions   | : Ensure response personnel are properly protected (see section 8 for respiratory or other protection guidelines.) Use caution as floors may be slippery.   |
| Environmental precautions  | : The product should not be allowed to enter drains, water courses or the soil.   |
| Methods for cleaning up  | : Soak up with inert absorbent material (e.g. sand, silica gel, acid binder universal binder, sawdust). Sweep up and shovel into suitable containers for disposal.  |

Hazardous decomposition<br/>products:Carbon dioxide (CO2), carbon monoxide (CO), oxides of nitrogen<br/>(NOx), other hazardous materials, and smoke are all possible.

### **11. TOXICOLOGICAL INFORMATION**

This mixture has not been evaluated as a whole for health effects. Exposure effects listed are based on existing health data for the individual components which comprise the mixture.

Toxicity Overview

This product contains the following components which in their pure form have the following characteristics:

| CAS-No.   | Chemical Name       | Effect           | Target Organ                 |
|-----------|---------------------|------------------|------------------------------|
| 1310-58-3 | Potassium hydroxide | Systemic effects | Eyes, Skin.                  |
|           | (K(OH))             |                  |                              |
|           |                     | Corrosive        | Skin.                        |
|           |                     | toxic            | Refer to LC50 / LD50 Data on |
|           |                     |                  | MSDS                         |

LC50 / LD50

This product contains the following components which, in their pure form, have the following toxicity data:

| CAS-No.   | Chemical Name                  | Route     | Value     | Species |
|-----------|--------------------------------|-----------|-----------|---------|
| 1310-58-3 | Potassium hydroxide<br>(K(OH)) | Oral LD50 | 273 mg/kg | rat     |

### **12. ECOLOGICAL INFORMATION**

Persistence and degradability

: No data available.

Environmental Toxicity

: No data available.
