#### 2. COMPOSITION/INFORMATION ON HAZARDOUS INGREDIENTS

| Components                     | CAS-No.    | Weight % |
|--------------------------------|------------|----------|
| Quartz                         | 14808-60-7 | 0.1 - 1  |
| Rutile, antimony chromium buff | 68186-90-3 | 0.1 - 1  |
| Titanium dioxide               | 13463-67-7 | 1 - 5    |
| Calcium carbonate              | 1317-65-3  | 10 - 30  |

#### **3. HAZARDS IDENTIFICATION**

#### **EMERGENCY OVERVIEW**

This mixture has not been evaluated as a whole for health effects. Information provided on health effects of this product is based on the individual components. See Sections 3 and 11 for additional details. This product may contain residual vinyl chloride monomer (VCM) (CAS number 75-01-4) below 8.5 ppm (0.00085%). OSHA considers VCM a suspect carcinogen and regulates it under 29 CFR 1910.1017. It is unlikely, under normal working conditions with adequate ventilation, that the OSHA action level and the OSHA exposure limits will be exceeded for residual VCM. However, the user should take the necessary precautions (e.g. mechanical ventilation, local exhaust ventilation, air-monitoring, respiratory protection, etc.) to ensure airborne levels of any vapors including VCM or dusts that may be released during heating or processing are below regulated levels.

#### POTENTIAL HEALTH EFFECTS

| Routes of Exposure:             | : Inhalation, Ingestion, Skin contact   |

|-------------------------------------|----|--|
|                                     |    | 7. HANDLING AND STORAGE  |
| Handling :                          |    | Take measures to prevent the build up of electrostatic charge. Heat<br>only in areas with appropriate exhaust ventilation. Processing fume<br>condensates may contain combustible or toxic residue. Periodically<br>clean hoods, ducts, and other surfaces to minimize accumulation of<br>these materials. |
| Storage :                           |    | Keep containers dry and tightly closed to avoid moisture absorption<br>and contamination. Keep in a dry, cool place.   |
| <br>8. EXPOSU                       | JR | E CONTROLS / PERSONAL PROTECTION   |
| Respiratory protection :            |    | No personal respiratory protective equipment normally required.  |
| Eye/Face Protection :               |    | Safety glasses with side-shields.  |
| Hand protection :                   |    | Protective gloves.   |
| Skin and body protection :          |    | Long sleeved clothing.   |
| Additional Protective :<br>Measures |    | Safety shoes.  |
| General Hygiene :<br>Considerations |    | Handle in accordance with good industrial hygiene and safety practice.<br>Wash hands before breaks and at the end of workday.  |
| Engineering measures :              |    | Heat only in areas with appropriate exhaust ventilation. Provide appropriate exhaust ventilation at machinery.   |
| Exposure limit(s)                   |    |  |

chloride.

#### **11. TOXICOLOGICAL INFORMATION**

This mixture has not been evaluated as a whole for health effects. Exposure effects listed are based on existing health data for the individual components which comprise the mixture.

#### Toxicity Overview

This product contains the following components which in their pure form have the following characteristics:

| CAS-No.    | Chemical Name                  | Effect           | Target Organ                    |
|------------|--------------------------------|------------------|---------------------------------|
| 14808-60-7 | Quartz                         | Systemic effects | Eyes, Respiratory system.       |
| 68186-90-3 | Rutile, antimony chromium buff | Irritant         | Eyes, Skin, Respiratory system. |
| 13463-67-7 | Titanium dioxide               | Systemic effects | Respiratory system.             |
| 1317-65-3  | Calcium carbonate              | Irritant         | Eyes, Skin.                     |
|            |                                | Systemic effects | Eyes, Skin, Respiratory system. |

Carcinogenicity:

This product contains the following components which in their pure form have the following carcinogenicity data:

| CAS-No.    | Chemical Name                  | OSHA | IARC | NTP |
|------------|--------------------------------|------|------|-----|
| 68186-90-3 | Rutile, antimony chromium buff | no   | 3    | no  |

IARC Carcinogen Classifications:

1 - The component is carcinogenic to humans.

2A - The component is probably carcinogenic to humans.

2B - The component is possibly carcinogenic to humans.

NTP Carcinogen Classifications:

1 - The component is known to be a human carcinogen.

2 - The component is reasonably anticipated to be a human carcinogen.

#### Additional Health Hazard Information:

Quartz 14808-60-7 This material in its free releasable form may cause respiratory tract irritation, and possibly silicosis which is a scarring of the lungs.

#### Additional Health Hazard Information:

Rutile, antimony chromium buff 68186-90-3 Can cause eye irritation. Can cause skin irritation. Symptoms may include redness and burning of skin, and other skin damage. Additional symptoms of skin contact may include: antimony measles (a red, pimply rash).

#### **12. ECOLOGICAL INFORMATION**

| Persistence and degradability | : | Not readily biodegradable.   |
|-------------------------------|---|--|
| Environmental Toxicity        | : | Adverse ecological impact is not known or expected under normal use. |
